

Job Description

GYNAECOLOGY SPECIALIST

Nyköping Hospital, Sweden

Would You like to develop women's care in the county of Sörmland? Then you have come to the right place!

Welcome to Nyköping! The reasonably large city that lies along the Sörmland coast. By train from Stockholm, you can get to Nyköping in just one hour. It is a 5-minute walk from the train station to the hospital and less than a 5-minute drive from the E4 exit to the car park. The International Airport Stockholm-Skavsta is located only 10 minutes from Nyköping, city center.

Nyköping Women's Clinic is responsible for gynecological care in the southern county of Sörmland. Our vision: Provide good care in women's health, with good accessibility and of the highest quality. The women's clinic has the smaller clinic's advantages with proximity and short decision paths, but also the large clinic's competencies, including R & D opportunities.

The Women's Clinic's medical group consists of sixteen doctors, of which seven are resident doctors and nine specialists and / or chief physicians.

At the Gynaecology Clinic in Nyköping, you will be able to influence and interact with working methods, patient flow and your own development in a stimulating environment. We work in a team where all personnel participate in developing care.

Workplace

Our activities include Obstetrics, Midwife reception, Delivery department, Gynaecological in- and outpatient care, family centers, educational and youth receptions. All together we are 100 employees.

We have more than 1000 deliveries and receive births from pregnancy week 37 + 0. At the clinic, more than 600 scheduled and 200 emergency operations are performed. At the specialist mothers care center, ultrasound educated midwives take care for routine ultrasound and combined fetus diagnostics in close collaboration with physicians. Daytime activities are conducted at the gynaecology reception in Nyköping.

At the clinic we have good community and cooperate closely with child and anaesthetics clinics. As a physician employed in our clinic, you work closely with the patients and have the freedom to shape your work based on the guidelines we have agreed upon.

Your skills

The Gynaecology clinic in Nyköping needs you as a Specialist in Gynaecology and Obstetrics with on call duties experience. We are looking for a specialist who wants a job focused on obstetric activities with the opportunity to further develop the care together with the team. We attach great importance to personal suitability, good teamwork and a positive attitude.
